American Goods Abroad.

In England a large building is being completed for the War Department, and the superintendent, Mr. James Hill, has been recently invited to explain why he used American locks on all the doors. He gave the English working classes a very plain talking to. The distress among them is, he says, largely due to the injudicious action of trade-unions, the drunkenness and improvidence of the men, their antipathy to the use of machinery, the existence of low wages and short hours, and the obtuseness of masters who are content to reproduce the same class of goods from generation to generation, instead of adapting themselves to suit the requirements of the age. Foreign competition, he says, would not be possible if the trade-unions would employ their funds in educating their members, instead of fighting their masters. He cites one case where an ironmaster, whose men were getting from five to six pounds a week, was offered a large Russian contract at a rate lower than he could afford to go, hence he called the men together and said if they could reduce the cost of labor he would take the contract, if not it would go to Belgium "Let it go to Belgium; we'll follow it there and have a bit of an outing," they answered. They are now living on meal and water. Mr. Hill says that the great bulk of his locks came from this country, to which he was driven by the inferiority and high prices of English workmanship and the unwillingness of masters to entertain his ideas of improvement. He visited America last year and opened up business relations with two firms that have taken pains to carry out his views. As a consequence he is putting American locks on the great hospital at Walsall, within a stone's throw of factories that cannot produce them as cheaply or yet as good. The freight from New York even is less than the freight from Willenhall.

CALIFORNIA'S SHARK STORY

When the British bark Lutteworth was becalmed in the tropics a large shark was seen swimming around the ship. A large hook with a chain attached was baited with a four pound piece of pork. The shark made for it and bolted it. In hauling him up the chain parted and he coolly swallowed the hook, chain, and pork. Another hook was then baited, which he instantly seized, biting a three-inch rope in twain and also swallowing it with another four-pound piece of pork. Another hook was then baited with a similar piece of pork, and with this the shark was caught and landed on the main-deck. All hands cleared from him, for he was in a terrible flutter. His tail was cut off with the carpenter's axe, and this quieted him a little. He was cut open, and the sailors found the two large shark hooks and chain and rope snugly coiled away with eight pounds of pork in his locker.—*San Francisco Chronicle*.

The Daily Republican.

HAMSHER & MOSSER PUBLISHERS.

DECATUR, ILLINOIS.

FRIDAY EVENING, FEB. 28, 1879.

AND still the President seems undecided as to what he will do with the anti Chinese bill.

A RUMOR comes from New Orleans that Gov. Nicholls is about to resign. No cause is assigned.

THE death of Maj. Haddock, of the Champaign *Times*, which is announced in our telegraphic columns to-day, will create quite a vacancy in the ranks of Democratic journalism in the Fourteenth Congressional District. The Major was a vigorous, pungent writer, and was justly regarded as one of the ablest editors of his party in the district.

THE Democrats and Greenbackers of Michigan, after desperate efforts, have succeeded in swallowing one another, and they will nominate the same candidates for State officers at their conventions to be held at Lansing next Tuesday. The Republicans will swallow both of them on election day without much difficulty.

MISS ANTHONY will now argue that the oppression of her sex is growing denser, the Supreme Court of Tennessee having just decided that the rents and profits of the estate of a married woman, not settled upon her for her sole benefit and use, are subject to the payment of the debts of her husband.

THERE are now on the rolls of the Pension Office the names of 10,407 soldiers of the War of 1812, and of the widows of soldiers in that war, 3,725. Considering that the War of 1812 closed more than sixty three years ago, these rolls show some of the most remarkable instances of longevity on record.

Fruit in Southern Illinois.

Mr. T. F. Boulton, of the Jonesboro *Gazette*, is in Chicago, and has given a *Journal* reporter a statement of his views regarding the Southern Illinois fruit crop. He says the yield around Jonesboro promises to be the largest for many seasons, peaches only excepted. The winter has been remarkably favorable, the strawberry plants being covered with snow during all the cold weather, which effectually saved them from the blighting effects of severe frosts. Apples, pears, and small fruits are also looking well. The peach crop suffered a good deal from the zero temperature of last month, and only the hardiest varieties were able to live. It is estimated by experienced fruit-growers that about one third of a peach crop will be gathered. Last season 100 car loads of strawberries were shipped from Cobden Station, and it is hoped that nearly double that quantity will be realized the coming season, as the insects, whose ravages the past two years have been so destructive, are believed to have been killed by the same cold snap that hurt the peach crop.

Why California Fears the Chinese.

San Francisco Morning Call (Ind.)

This proposition to restrict Chinese immigration comes to the ordinary lawmaker as a surprise. It is an innovation upon the traditional policy of this Government. His first impulse is to pronounce such a policy contrary to the Constitution, and to the principles enunciated in the Declaration of Independence. He makes up his mind on the question without giving it any thought. But this debate will at least show him that there is a new principle involved in immigration as it relates to the Chinese. Europeans come here to be a part of us. The Republic is the stronger for the circumstance that they are on this side of the Atlantic. The most unreasonable do not dream of colonizing America,—of making it anything but a perfectly independent power. But the Chinese propose to colonize at least the Pacific Coast. Otherwise, they propose to raid it and return to China with the spoils. European immigrants and Chinese immigrants are, therefore, to be considered from the same standpoint. The reasons which invite the one repel the other. This the debate has demonstrated. Restriction of Chinese immigration is only a question of time, and short time at that.

DISCOVERED.

Dr. Price, by a new process extracts the subtle flavor from every delicious fruit and aromatic. In his Flavoring Extracts, the characteristic taste and freshness of the real fruit is preserved. Ladies who wish something *superior* in the way of flavoring extracts, should purchase Dr. Price's.

TO BE OF PERMANENT BENEFIT a medicine must reach the source of the disease. The reason why SCOVILL'S BLOOD AND LIVER SYRUP is so successful in overcoming scrofulous, syphilitic and eruptive complaints is that it entirely roots out those impurities which give rise to them. The cause of the evil being thus removed and the normal purity of the circulation restored, the skin resumes its original clearness and sores and pimples disappear. Sold by S. M. STATE HISTORY.

Gov. Oglesby and His Administration.

From the State Register.

Richard J. Oglesby, of Macon county, succeeded Richard Yates as Governor of Illinois, and was the twelfth elected Governor of the State.

The Republican convention at which R. J. Oglesby was nominated, met at Springfield, May 25, 1864. A. J. Kuykendall, of Johnson county, presided. The prominent candidates before the convention were R. J. Oglesby, of Macon; Allen C. Fuller, of Boone; Jesse K. Dubois, of Sangamon, and John M. Palmer, of Macoupin. On the second ballot Oglesby was nominated.

Gov. Oglesby had returned fresh from the war the year previous, a gallant general and brave soldier, badly wounded and unable to longer endure the exposure of camp life and the fatigues of the march. Naturally the sympathy turned toward the wounded patriot especially as he had already given evidence of his power on the stump and his unflinching Republican patriotism.

A scene occurred at the convention which nominated Oglesby seldom witnessed. The committee on platform was rather more conservative on the question of the war and the national policy than suited the majority of the members of the convention. When the resolutions were reported the resolution on the conduct of the war was entirely too "milk and watery," and was laid on the table, amid the greatest excitement, indignation and enthusiasm. A new committee was appointed, which reported a new set of resolutions, more radical and more in harmony with the spirit of the convention. President Lincoln was strongly endorsed, and the delegates to the Baltimore convention instructed to use all honorable means for his renomination.

Gov. Oglesby's competitor in 1864 for the office of Governor was the Hon. James C. Robinson, then of Clark, now of Sangamon county. The Republican ticket was elected by about 31,000 majority, Gov. Oglesby's majority being 31,675. The Legislature was also Republican, the majority on joint ballot being twenty. Ex Gov. Yates was chosen United States Senator to succeed the regular term for which Stephen A. Douglas had been elected.

The inauguration of Gov. Oglesby took place on the 16th day of January, 1865, having been postponed one week in consequence of the death of his son. His inaugural address was a practical, common sense document of moderate length, and confined almost wholly to the discussion of State policy and in commenting upon the position of the citizen soldiery in time of war.

Gov. Oglesby was born July 25, 1824, in Kentucky. Left an orphan at the age of 8 years, he was taken into the family of an uncle, with whom he came to Decatur, at the age of 12 years. Here he was apprenticed to the carpenter's trade, afterwards worked on a farm, read and practiced law, and enlisted in the Fourth Illinois Regiment for the Mexican War, and was commissioned a lieutenant in Company C, of that regiment. He took part in the battle of Cerro Gordo. After his return from the Mexican War he went to California, by the overland route, and presumably drove the traditional ox team. In 1852 he was an elector on the Scott ticket, but failed of an election, like his great principal. He afterwards visited Europe and traveled in Palestine, and has written and delivered an interesting lecture of his travels in the Holy Land. In 1858 he ran for Congress and was beaten by the Hon. J. C. Robinson, whom he afterwards beat for Governor. In 1860 he was elected to the State Senate, but preferring the life of a soldier on duty to a Senator off duty, in the spring of 1861, enlisted in the War of the Rebellion and was elected colonel of the Eighth Illinois Infantry, the second regiment raised in the State; went to war with this regiment, and served gallantly until, at the second battle of Corinth, he was badly wounded in the lungs, at first supposed to be a mortal wound. After his partial recovery he was commissioned a major-general and assigned to the command of the Sixteenth army corps in 1863, but owing to the severity of his wound he was compelled to resign in the summer of that year, and returned to his home in Decatur.

Next came his nomination and election as Governor for the first term, in 1864, and again in 1872, which office he resigned in 1873, to be elected United States Senator for the term of six years, expiring the 4th of March next.

An honored and honorable career certainly for any man, and for a boy left an orphan at the age of 8 years, one of the most remarkable of any of our citizens. Is this a free country where every man, rich or poor, has an equal chance? Glance back over the pages of Richard J. Oglesby's history and answer the question yourselves.

The True Way to Invigorate.

The true way to invigorate a feeble system is to infuse activity into the operations of the stomach, that wondrous alembic in which the food is transmuted into the constituents of the blood, the chief element of our vitality. Hostetter's Stomach Bitters, because it accomplishes this end, is greatly to be preferred to many so-called tonics, useful indeed as appetizers, but inoperative as aids to digestion and assimilation. This sterling cordial, while it invigorates the stomach, healthfully stimulates the liver, bowels and kidneys, ensuring the escape through the regular channels of effete and useless matter thrown off by the system, which is thus purified as well as invigorated by it. Its tonic influence is soon made manifest by an increase of vital energy and a more active and regular discharge of every physical function, and it has the further effect of rendering the system unassailable by the malarial epidemics.

Pleads Guilty and Goes to Joliet for Ten Years.

WASHINTON ITEMS.

PAUL BOYTON COMES NEAR LOSING HIS LIFE.

WASHINGTON, D. C., Feb. 27.—Speaker Randall, greatly incensed at the publication of the letter of Special Agent Williams, in which the statement is made that he (Randall) was largely interested in the manufacture of fiber papers for the Government, arose to make a personal explanation as soon as the House met to-day, and in the most emphatic manner denied the truth of the allegation, and insisting on the most searching investigation. On his motion a special committee was appointed to investigate the charge. Brief speeches were made by Messrs. Hale, Kelley and others complimentary to the Speaker. It is regarded as a good joke on Speaker Randall, and the Democrats of the House, that the persons who have been instrumental in making this charge against him have been the most active helpers of Glover, and this committee, in trying to find something injurious to leading Republicans, will find that some of these men have been on the pay rolls of the House.

It is the opinion of leading Democrats in the Senate that an extra session can only be averted by the Republicans backing down, and this they do not expect.

The President has yielded to the solicitations of Senator Butler, of South Carolina, and promised to withdraw the nomination of Judge Samuel Lee as Postmaster at Sumter, S. C. The nomination was indorsed by the Republicans of South Carolina, including Representative Rainey, in whose district Lee resides. There is considerable indignation among the South Carolina Republicans over the President's action in yielding to Senator Butler in this matter, against the wishes of the Republican party in their State.

The President's veto of the Chinese bill was expected at the Capitol to day, and there was disappointment when the President's private secretary arrived without it. The pressure brought to bear upon the President to induce him to sign the bill is remarkable, but up to this time it is certain that he has not yielded his convictions and will veto the measure.

The Senate sent to the House, this afternoon, 120 bills, the result of yesterday's work in the Senate. After getting up the Pension bill, the Senate immediately closed its doors to consider executive business.

The House, after a brief discussion, has agreed to the conference report on the Revenue bill—yeas, 147; nays, 111.

WILMINGTON, Ill., Feb. 27.—At half past 4 o'clock this morning, as an empty coal train was passing over the great iron bridge of the Chicago and Alton Railroad, in this city, a serious disaster occurred involving a loss of thousands of dollars, if not necessitating an entire new bridge. The span, extending from the north abutment to the first pier, 110 feet in length, gave way and precipitated three coal cars into the canal channel in the Kankakee river. The cars and span fell from thirty to forty feet, and are a total wreck. The middle and south end of the bridge are also materially injured by reason of the cars that jumped the track at the time of the accident. Many attribute the disaster to the keen frost which may have affected the pronderous castings, while others opine, very reasonably, that a defective coal car must have first jumped the track and struck the bridge at angles. The engine and six cars had passed over the wrecked span. Three cars went down as stated, and the caboose of the train, thirty cars, more or less, remained uninjured on the city side of the bridge. That structure is of the Howe truss pattern, is 600 feet in length, and divided into five spans.

The total damage is about $2,500. The accident will not cause any delay, as the trains will cross the river over the Coal City branch of the Alton road, until a temporary structure is built which will be done by Saturday night.

NEW YORK, Feb. 27.—The Chamber of Commerce to-day earnestly invoked President Hayes to withhold his signature from the so-called anti-Chinese bill. The measure is characterized in the resolutions as establishing a bad precedent; as an unworthy political concession to the lawless spirit of a single State, under whose laws the subjects of China have enjoyed neither peace nor safety; as tending to degrade the national character in sight of all other nations; as calculated to imperil the life of the missionary and impair the value of his teachings; as exposing the merchant, in his dealings, to the consequences of public dishonor, and, finally, as presenting the hasty action of our Congressional body in sorry contrast with the more courteous and dignified wisdom of the heathen Empire.

DUBUQUE, Ia., Feb. 27.—Last evening, the wife of J. B. Coulson, of Coalville, Webster county, locked her three children, from nine to three years old, in the house and went to a neighbor's on an errand. But a short time after the house was seen to be on fire and in spite of every exertion, was burned and the children perished.

CHICAGO, Feb. 27.—Charles W. Angell, defaulting Secretary of the Pullman Palace Car Company, pleaded guilty this morning in the Criminal Court, of the two indictments against him for larceny as bailee and embezzlement, and was sentenced by Judge Williams to ten years in the penitentiary—the full extent of the law. He made no remarks nor manifested no emotion and simply bowed as the sentence was named. Judge Williams in reviewing the case, spoke of the high social position occupied by Angell, the enormity of the offense and the confidence reposed in him by the company, and expressed the belief that the full penalty at least was deserved.

By Angell's own request he will be taken to the Joliet penitentiary to-morrow instead of next week as was intended.

Geo. M. Pullman visited Angell and had a two hours' talk with him to-night, but refuses to state its purport.

EDWARDSVILLE, Ill., Feb. 27.—To-day at 3 o'clock p. m. Mr. Charles Lohman, the talented editor and proprietor of the Edwardsville *Democrat* and also the Madison County *Anzeiger*, led to the hymeneal altar the beautiful and accomplished Mrs. Maralda Birch. The affair took place at the suburban residence of the bride, the Rev. Irwin B. Randle officiating. Many rich and costly presents were tendered the bride and groom, who start on life's journey under the most favorable auspices.

BOSTON, Feb. 27.—This afternoon, while a man was working on Western avenue, two miles out of Lynn, he discovered a trunk containing the body of a young woman, about 24 years old, in a nude condition, with the arms and legs twisted into every conceivable shape. The nose was entirely cut off. The trunk contained besides the dead body, two champagne bottles and several bricks. At an autopsy held it was the opinion of the doctors that she had been dead two or three days. Up to midnight no clue had been obtained. Thus far she has not been identified.

CHAMPAIGN, Ill., Feb. 27.—Mr. Wm. Haddock, editor of the Champaign *Times*, and a Democratic politician of some note in this section, died here this morning of typhoid pneumonia, aged fifty-six. For several years he was editor of the Effingham *Register*, at Effingham, Ill., where he has a family residing, and to which place his body will be removed to-morrow. He was a man given to hard work, and struggled long with poverty.

CINCINNATI, O., Feb. 27.—Boyton, who is floating down the Ohio river in his rubber suit, was caught in a gorge last evening near Wellsville, Ohio, and nearly crushed to death. His gun filled with water and all attempts to fire the distress signal failed. He finally succeeded, however, in extracting himself from his perilous situation.

BALTIMORE, Feb. 27.—A coil oil lamp explosion occurred this evening in a house on Dallas street, occupied by Mrs. Sharp, her daughter Clara Sharp, the latter's son Harry, and a man named Thomas Jones, all colored. Clara Sharp and her son were burned to death, and the other two seriously injured. The building was destroyed.

GALVESTON, Feb. 27.—Last night a stage containing four passengers was halted near Peg Leg Station by two highwaymen, who ordered the passengers out singly and took all their valuables.

ST. LOUIS, Feb. 27.—Charles Petree, ticket clerk of the Mound City Street Railway Co., of this city, was arrested to-day for purloining tickets of that company and selling them for his own benefit. He confessed to having appropriated some twenty thousand tickets. Petree is highly connected here, but gambling and fast women have driven him to the crime.

PLANO, Texas, Feb. 27.—As the south-bound passenger train was one mile from this station to-day, a drunken negro on horseback rode across the track. The engine struck the horse, instantly killing him. The rider was thrown fifteen feet in the brush, but escaped unhurt, with the exception of a few bruises.

DANVILLE, Va., Feb. 27.—Judge Alex. Rives is holding United States Court here. Five County Court judges were indicted by the grand jury to-day for failing to allow negro jurors. Great indignation prevails.

NEW ORLEANS, Feb. 27.—J. H. Thompkins, principal witness for the Government in a large number of tobacco and whisky cases, died suddenly this morning, of neuralgia of the heart.

COLUMBUS, Feb. 27.—The State Republican Central Committee have decided to hold the next State Convention at Cincinnati, May 28th.

PEOPLE to-day are considering the question whether March will make his advent with the fierceness of the lion or with the docility and meekness of the lamb. Time will tell.

"OUR CLUB" had a very pleasant *soiree dansante* at the Grenadiers' Armory Hall last night. There were about 20 couples present. As usual, Prof. Leonard acted as prompter, and the Italian orchestra dispensed the music.

HOLIDAYS OVER and now to business. E. B. Pratt, North Church street, will give in exchange for corn, oats, wood, pork, beef, and country produce, groceries, dry goods, boots and shoes, ready made clothing, harness and hardware. Jan. 10-d&w3m

A COUPLE of fellows who had a joint interest in a pint flask of whisky got into a dispute about the contents of the "little brown jug," yesterday evening, in the open lot south of the REPUBLICAN office. For a time a bloody war seemed iminent, but mutual explanations brought peace, and after a cordial hand-shake, the two budged off toward Wood street, arm in arm.

THE Sullivan, Mattoon and Decatur railroad is now paying quite well. This road gets seventeen hundred dollars per year from the government for carrying the mails, it gets about five hundred for carrying the express, besides the revenue from freights and passenger fare, the latter paying from five to seven hundred dollars per month, and freights paying still more. The expense of the road is very light.

IT is clearly demonstrated, under the management of the present board and Librarian Evans, that the Decatur Public Library is a crowning success. The rooms, though smaller than should be, are cozy, well lighted and attractive, and well stored with excellent books, popular periodicals and leading daily and weekly newspapers of the day. All day long, up to the hour of closing in the evening, the reading room is filled with numbers of men, women and children, who have learned to visit there with studious regularity. The average number of books taken from the library is constantly increasing.

THE party of young men being made up in Decatur to emigrate to Leadville, Colorado, is receiving accessions daily, but how it will be when the time comes for starting is another question. It costs but little to talk about going, but when it comes to packing up and starting out, stamps and pluck become necessary.—Perhaps all our boys who talk about going have an abundance of both these commodities.

AN exchange has the following touching paragraph: "The amenities of the editor's life reach the zenith of their glory when he, under the pressure of circumstances, is sawing wood in the back yard, to keep him and his from freezing to death, and pauses a moment to contemplate the many delinquent subscribers who are enjoying the products of his pen, by the glow of a nickel plated baseburner."

As SPRING approaches let our people stir up the matter of getting a few more manufactories in Decatur. Everybody interested in the growth of the city should watch out for parties seeking locations for new enterprises. Factories tend not only to an increase of business but to an increase of population. Let them be multiplied.

THE general freight agents of the Illinois railroads have decided that twelve tons, or 24,000 pounds, shall constitute a car-load of lumber, all over that being extra; and that 28,000 pounds shall be the maximum allowed on a car.

BILL OF THE PLAY.—Vol. 1, No. 3, of the *Bill of the Play*, published by Ben F. Dodson, Jr., was placed in the hands of theater-goers last night. It contained the programme of the evening's performance, a number of "ads," and a variety of spicy squibs and take-offs on "the boys." The following card was read with eager interest by our local military:

ATTENTION, COMPANY!—The Decatur Guards are requested to appear in full uniform at their armory on next Wednesday evening, at 8 o'clock, sharp, to partake of a supper provided by a wealthy Californian now in our city Every Guard in the city is expected to be present as we want it to be a grand affair.

REMOVAL OF THE ST. CLAIR MILL.—A part of the machinery for this mill has already been shipped to Kansas, and the balance will soon follow. It is the purpose of the proprietors, Messrs. Rainey & May, to remove the building about the middle of March. The frame, windows, inside wood work and weather boarding will all be transferred to the new location. C. C. Burroughs, Esq , of the Union Iron Works, has the contract for removing the entire concern, including the taking down here and the putting up, at the new place. It is a good deal of a job, but Mr. Burroughs will no doubt prove himself equal to the task.

THE SECOND WARD.—Mr. E McNabb's announcement as a candidate for alderman in the second ward appears in to-day's paper. Mr. McNabb, who received the nomination of the temperance people some weeks ago, has been confined to his house by illness nearly ever since, which accounts for his absence from the active canvass, but he will now endeavor to make up for lost time. Mr. McNabb is no stranger to the people of Decatur. He is at present supervisor of the township, and has served several terms in the city council. He has proven himself a careful and efficient guardian of the people's interests in whatever public station he has occupied, and if elected he will make a safe and industrious alderman.

GREAT REDUCTION IN RATES. — The advertisement of the United States Express Company, which appears in our columns to-day, setting forth the fact that the company has made a very material reduction in its rates, will be read with interest by our business men. The rates to New York, especially, have been very considerably reduced. Read the advertisement. For further particulars call on the agent, Mr. J. W. Bashforth.

REMOVAL.—J. D. Turner, the painter, has removed from his former residence on Prairie street, to the northwest corner of the Mound, where he will be pleased to see those desiring his services.

THE CHURCH FESTIVAL.—The festival in the vacant store room on the south side of the old square, last night, was quite largely attended and liberally patronized by our citizens. The proceeds amounted to about $40, and the affair was managed by the members of the African M. E. church.

THE TABERNACLE LAST NIGHT.

A Large and Enthusiastic Meeting—Two Able Speeches.

At least a thousand people gathered at the tabernacle last night to attend the mass meeting of the friends of temperance. J. R. Gorin, Esq., president of the Decatur Temperance Union, presided.

The meeting was opened as usual by a song, under the lead of Mr. Homer Montgomery, and prayer was offered by Rev. D. P. Bunn.

Rev. W. H. Prestley, of the Presbyterian church, was then introduced, and made a very able and interesting address of about thirty minutes. The arguments of the reverend gentleman against licensing the liquor traffic were to the point and were fully sustained by facts. This address will be set down as one of the best of the series being given this week.

Mr. Prestley's address was followed by a song, after which Rev. J. H. Noble, of Springfield, was introduced, who in a most interesting address of three-fourths of an hour first briefly reviewed the temperance work for the last forty years, showing, by contrasting the present with the past, what had been done in the way of reform, and then addressed himself to the consideration of the license question, taking strong ground against shielding crime from punishment by the protection of law. Mr. Noble was frequently applauded during the progress of his remarks and held the closest attention of the audience. At the conclusion of the speech many of Mr. N.'s old parishioners and friends came forward to grasp his hand.

This evening the meeting will be addressed by Rev. N. S. Haynes and J. M. Clokey, Esq , and on Saturday the speakers will be Hon. A. B. Bunnand Brother Jake.

No. 2's RUNNING TEAM.—We have it from several of the members that the running team of Eldorado Hose Co. No. 2 will, at the next firemen's tournament, get away with all competitors in the state on the run, and come home with flying colors, wearing the championship belt. They claim that Rescue No. 1 will be nowhere, and that this year No. 2 can beat them any distance, with or without cart, hose or no hose. The team is made up of picked men from the first and fifth wards, and having the champion couplet of the state, the boys are confident of success.

PASTORATE RESUMED.—Rev. N. S. Haynes has resumed the pastorate of the Christian Church in this city, and will enter upon his labors next Sunday, preaching morning and evening at the usual hours. The public generally, as well as the congregation whom he is to serve, will be glad to learn that Mr. Haynes is to remain among us.

U. B. CHURCH.—At the revival meeting at this church last evening six persons united with the church, and the services throughout were of a most interesting character. There will be services again this evening, and also to-morrow night.

BAPTIST CHURCH.—Rev. R. R. Coon, of Pana, will occupy the pulpit at the Baptist church, both morning and evening, on Sunday next. All are invited. Mr. C. has the reputation of being a very interesting preacher whom it is a pleasure to hear.

CHURCH OF GOD.—The services were well attended last night and the interest was good. Three penitents were forward at the altar for prayers. There will be services to night and to-morrow night.

W. C. T. U.—A prayer meeting will be held in the Reform Club Room of the tabernacle during Tuesday, March 4th, commencing at 8 o'clock A. M. Everybody is invited. The W. C. T. U. respectfully solicit the co-operation of the Y. M. C. A., and of the pastors of the several churches, and indeed of all praying people. Per order.

CHARLOTTE THOMPSON.—The presentation of the deeply emotional drama, "Miss Multon," at the opera house last night by the Charlotte Thompson Theatrical Combination, was one of the very best dramatic entertainments we have had this season. Miss Thompson, the charming young actress, with the dancing black eyes, raven locks and beautiful form, took the character of the Governess, and won the admiration and applause of everybody by her finished acting. She was twice called before the curtain. The support was excellent The play is similar to "Jealousy," being almost identical. The audience was not a paying one. The company left for Bloomington to-day, and from there will go to Louisville, Ky , where they will open on Monday for one week.

NOT COMING.—The Genevieve Rogers dramatic company closed the season at Memphis on the 25th and have cancelled their engagement here for March 5th.

DISCHARGED FROM CUSTODY.—Yesterday Allen Jackson who was sometime since committed to the county jail on a charge of assault with intent to do bodily injury, was set at liberty on his own recognizance, his bail being fixed at $200.

INDIGESTIBLE BREAD.

The reason why adulterated baking powders make bread and biscuits very indigestible, is because they harden the gluten of the wheat and render it less soluble. The purity and perfect combination of Dr. Price's Cream Baking Powder makes all articles easy of digestion.

Prof. Jake Wilhelmy, proprietor of the "Bon Ton" barber shop, is seriously considering the matter of organizing a new brass band. He would make a good leader. There are a number of musicians in the city who are anxious to have the band formed.

Rev. J. H Noble received a cordial greeting on the occasion of his visit to Decatur yesterday and to-day. During his three years residence here the reverend gentleman made hosts of friends, who are always glad to see him whenever he comes to town.

"Brother Jake" came in from Lincoln to-day. He dined at J B. McDonald's restaurant and left by the 3:50 train for Taylorville where he is to speak to-night. He will return here to morrow and be on hand for a speech at the tabernacle to-morrow evening.

IT OUGHT TO BE REPEATED.—The charity performance at Macon Hall Tuesday night, given under the management of Mrs. O. B. Gorin and E. D. Bartholomew, of the S. E. C., was simply immense, and delighted everybody in attendance. Owing to the inclement weather on that evening the attendance was not what it would have been had Prof. Blake predicted mild weather. Nearly everybody who was there is anxious to have the entertainment repeated, and it is suggested that the Y. M. C. A. Benevolent Committee hire the opera house, put the admission down to 10 cents, and invite the public generally to attend. The opera house would be crowded. The entertainment is first-class, and our people always pay cheerfully for good things. No doubt the performers would consent to go through the ordeal once more

SPREADING OUT.—Business called us yesterday to the manufacturing establishment of Chambers, Bering & Quinlan, and while there we were kindly shown through the concern by ex-Mayor Chambers. It is gratifying to be able to state that this firm has gradually extended its business until now it employs a large number of men and ships its manufactured products to all parts of the country.—The shipments of the Brown and Champion hog rings and ringers, and the Barnes' wire check-rower, for the spring trade, are quite lively, and largely in excess of those of any previous year It is the intention of Messrs. Chambers, Bering & Quinlan to build shops in a more convenient locality, provided suitable lots can be obtained, in which event they will still further enlarge their business.

A RETIRED POLITICIAN.—Owing to my business engagements not allowing me sufficient time to devote to the canvass, I respectfully *withdraw* my name as a candidate for the city treasurship. ARTHUR E. KINNEY,

"REVENGE IS SWEET."

Last week was examination week in most of the public schools, and the boy who "passed" can easily be selected from the boy who didn't. One of those who didn't was on Saturday intrenching himself on Ledyard street between a snowbank, seemingly waiting for some one's arrival, and a man who had observed his preparations, inquired :

"Making ready to have some fun, bub?"

"Well, it may be fun for me, but it'll be tough on the other *feller*," was the reply.

"Then you are expecting to have a fight?"

"I just am that! The school-teacher marked me down to fifty-seven because I said Russia bounded Lake Erie on the west, and now when her brother comes along I'm going to bound him on all four sides with the biggest licking a white-headed boy ever got."—*Detroit Free Press.*

Reporting by Machinery.

From the New York Tribune.

A reporting machine at the Paris Exposition, known as "La Machine Stenographique Michela," the latter being the name of its inventor attracted much attention. The claims made respecting it are that after a fortnight's practice any person can take down in short-hand characters a speech however rapidly delivered. It is a small instrument, piano-like in form, with twenty-two keys, white and black, and the stenographic characters, are small and impressed on slips of paper. Signor Michela claims to have classified all the sounds which the human organs of speech are capable of producing, and to have so constructed his machine that it shall report with unerring fidelity whatever is said in German, French, Italian, Spanish and English. The machine is highly ingenious, and seems to have stood several practical tests satisfactorily

FRIENDLY SUGGESTIONS

To Travelors, as well as to Those Seeking New Homes in the West.

The summer of 1878 will long be remembered by many on account of the extreme heat, as well as the *terrible plague* that has visited certain sections of our country. Therefore, if you are about *taking a trip to the West* either for pleasure or to look out a location for a *New Home*, seek to locate on (or nearly so), *the same latitude in which you formerly lived*. The reasons for this are many. You will escape the severe climatic changes and fevers incident to North or South, consequently you will experience no *poor health*, which is a great draw drawback to the new settler, and in this way you become *producers at once*. *The Hannibal and St Joseph Railroad* is located upon the *happy medium* between North and South, running through the northern part of Missouri, *where there is no plague or pestilence*, and upon which line thousands of happy settlers are located, and on account of the wonderful fertility of the soil, together with the *best of markets* have become independent, and surrounded as they are with the best of schools and churches, together with all the home comforts, are a prosperous and happy people.

TUTT'S PILLS!

A NOTED DIVINE SAYS

THEY ARE WORTH THEIR

WEIGHT in GOLD

READ WHAT HE SAYS:

DR. TUTT:—Dear Sir: For ten years I have been a martyr to Dyspepsia, Constipation and Piles. Last Spring your Pills were recommended to me; I used them (but with little faith). I am now a well man, have good appetite, digestion perfect, regular stools, piles gone, and I have gained forty pounds solid flesh. They are worth their weight in gold.

REV. R. L. SIMPSON, Louisville, Ky.

A TORPID LIVER

is the fruitful source of many diseases, such as Dyspepsia, Sick Headache, Costiveness, Dysentery, Bilious Fever, Ague and Fever, Jaundice, Piles, Rheumatism, Kidney Complaint, Colic, etc.

Tutt's Pills exert a powerful influence on the Liver, and will with certainty relieve that important organ from disease, and restore its normal functions.

The rapidity with which persons take on flesh, while under the influence of these pills, of itself indicates their adaptability to nourish the body, hence their efficacy in curing nervous debility, dyspepsia, wasting of the muscles, sluggishness of the liver, chronic constipation, and imparting health and strength to the system

CONSTIPATION.

Only with regularity of the bowels can perfect health be enjoyed. When the constipation is of recent date, a single dose of TUTT'S PILLS will suffice, but if it has become habitual, one pill should be taken every night, gradually lessening the frequency of the dose until a regular daily movement is obtained, which will soon follow.

Sold Everywhere, 25 Cents.
